## EXPERIENCE

### **Freelance** — *Web & Mobile Developer*

JAN 2019 - PRESENT

Currently working freelance in platforms including Node, React and Drupal.

### **Portside, Remote work** — *Node & React Developer*

<http://portside.io/>

SEP 2017 - JAN 2019

In this company I developed a complex CRM with the front-end using React and Node in the backend.

### **Graybox Inc., Portland Oregon** — *Web Developer*

<https://www.grayboxpdx.com/>

MAY 2014 - AUG 2017

In the 3 years I worked for Graybox I worked in a variety of systems. This included custom web applications using React/Redux, CMS work in Drupal and Expressionengine, development of mobile apps using React Native, as well as custom platforms using Symfony, Django and many others. I was also in charge of setting up Linux servers for production environment as well as the maintenance of these servers.

### **Freelance, Multiple locations** — *Web Developer*

JAN 2013 - APR 2014

I worked as a freelancer developing Wordpress and Drupal sites. This contracts included the development of both front and backend.

### **Media Drink, Portland Oregon** — *Web Developer*

<http://mediadrink.com/>

FEB 2012 - DEC 2012

Back-end web development. Integration of front and back-end programming. Management of simultaneous projects and team collaboration assignments. Server setup and installation of operating systems and software. In charge of developing multiple Wordpress websites as well as custom platforms using CodeIgniter and other PHP frameworks.
